September 2021 newsletter

ed. Cara Hutchings

With the weather being so wet and hot this summer, we have certainly had quite a few problems in our garden. That will be one of the topics at our upcoming meeting. We are planning for an in-person meeting, so we are asking anyone who would like to go to pre-register. That way, if any changes occur, I can contact the people who have pre-registered, rather than sending out a general email and hoping everyone who plans on coming sees it.

The meeting will be held on September 12th, at St. John's Episcopal Church Hall, 12 Episcopal Avenue in Honeoye Falls, NY. We will start the meeting at 2 pm.

We are looking for any questions you have about your garden, with the emphasis on iris. If you have any specific questions, please email me before the meeting so I can research the problem and provide some info for everyone. Don't forget, if you have a question, someone else surely has the same question!

In addition to garden care information, Neil Houghton will be presenting a short program on the AIS Award winners for 2021.

October 10th will be our last meeting of the year, starting at 2 pm at the church hall. Diane Henderson will be giving a talk on hummingbirds. If you were able to make last year's October meeting, you know what a great speaker she is. I am looking forward to that meeting!

So please let me know if you will be attending the September 12th meeting by September 10th. Also, any topics you might want to see reviewed please let me know by September 7th. You can email me at thehutchings@me.com.
